

M7 TECHNOLOGY

SOLUTIONS, INC.

“Innovative Solutions, Excellence in Service”

About

M7 Technology Solutions, Inc.

We aspire that working together as a team, we will build a company where great results are achieved beyond our exceptional individual capabilities. This we will accomplish by focusing all our actions within the context of the seven (7) Filipino values of being: honourable (*marangal*), humane (*makatao*), faithful (*matapat*), trustworthy (*mapagkakatiwalaan*), steadfast (*matatag*), resourceful (*maparaan*), and skillful (*mahusay*).

M7 Technology Solutions Inc. started in 2012 at Alabang, Muntinlupa, Philippines. We provide solutions for businesses across various industries such as semiconductors, electronics, healthcare, and telecommunications. Today, M7 Technology Solutions, Inc. continues to carry out, set, and maintain a lasting positive impact throughout our projects.

In addition to sourcing, we provide technical, application, and service support in industries like healthcare, semiconductors, and electronics. Our dedicated team works closely with customers to deliver optimal results.

We prioritize building lasting relationships with our customers, making us a trusted partner in helping businesses achieve their goals.

About

M7 Technology Solutions, Inc.

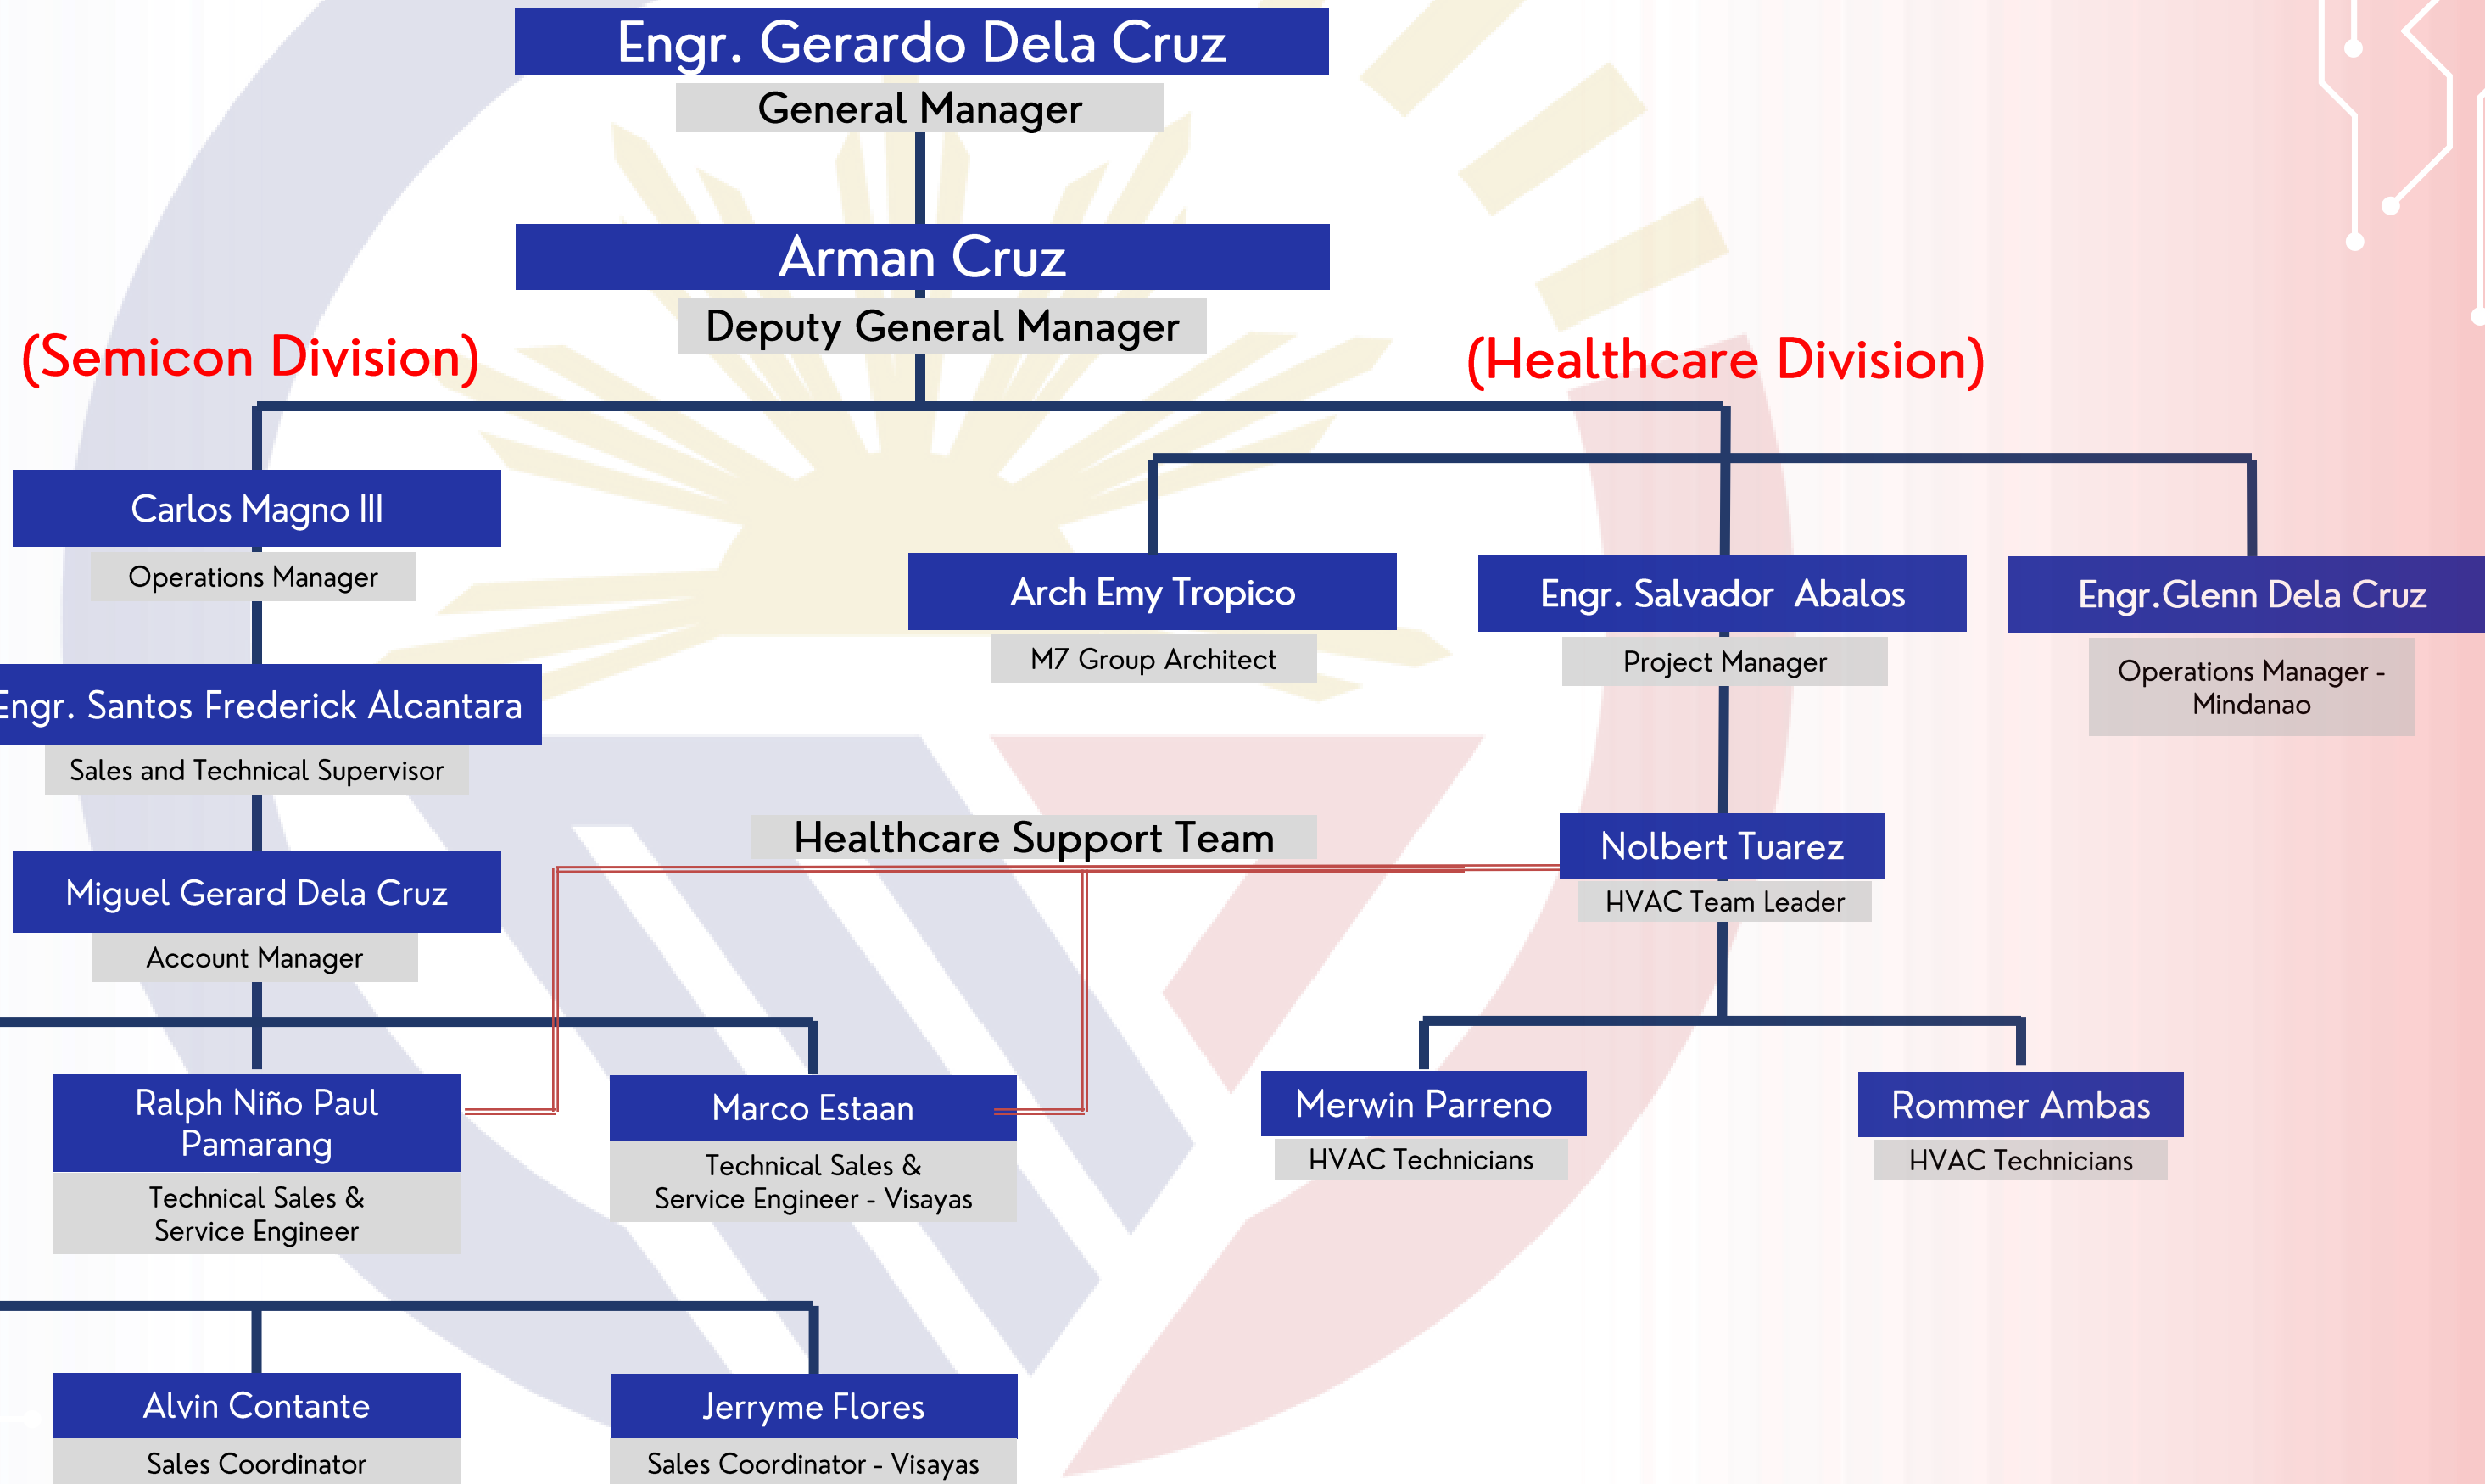

OUR VISION

To be a trusted partner in healthcare infrastructure, delivering reliable, energy-efficient, and technically advanced solutions for medical facilities

MISSION

To deliver safe, efficient, and reliable turnkey solutions for MRI, CT Scan, and LINAC rooms through integrated HVAC, electrical, and civil works

Our Organizational Chart

HEALTHCARE

Specialized healthcare technology solutions focusing on climate control and medical equipment.

- Accredited service provider of Siemens Healthineers nationwide.
- Supply and installation of industrial chillers for Linear Accelerator Machine, MRI, and CT Scan.
- Supply and installation of air handling units for MRI machine (AHU AND PACU).
- Preventive maintenance, troubleshooting, and repair of industrial chillers and air handling units in various hospitals.
- Civil, mechanical, electrical, and construction works.

Services Offered:

- Air-conditioning system design and installation, preventive maintenance, and other related services
- Industrial chillers for healthcare equipment
- HVAC maintenance and service
- Climate control solutions
- Medical equipment service support

Construction:

- Civil, mechanical, electrical, and construction works for SM and Ikea.
- Fit-outs for Siemens, SM, and Ikea.
- Subcon works for government projects.
- Turnkey Projects
- PCAB License holder.

A large, stylized logo in the background. It features a central sunburst of yellow rays. Below the sunburst is a hand-like shape composed of several blue and red segments. The entire logo is set against a background of vertical stripes in shades of blue, white, and red. In the corners, there are white circuit board patterns.

HEALTHCARE DIVISION PRODUCTS & SERVICES

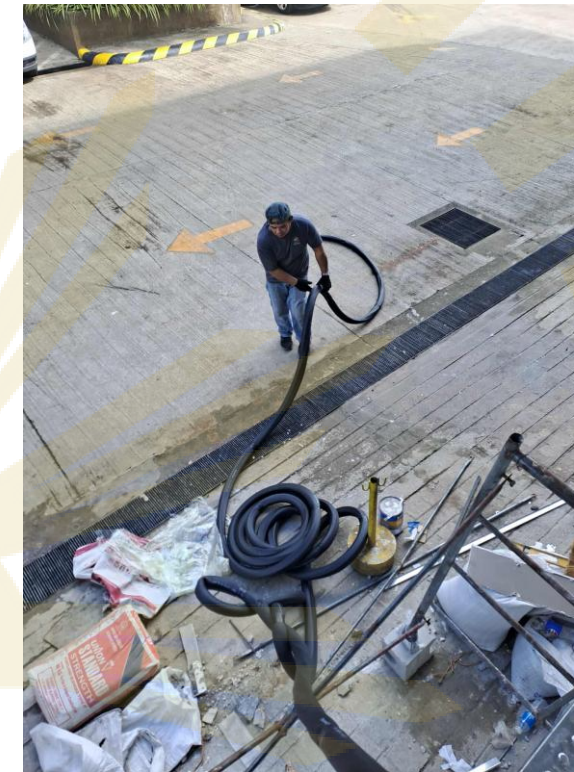

Installation of OUTDOOR / CHILLER UNITS

SERVICES OFFERED

INSTALLATION SERVICES

- ✓ Installation of Siemens Outdoor Units
- ✓ Installation of KKT/Riedel Chiller Units
- ✓ Installation of External Fan Unit

SERVICES OFFERED

PREVENTIVE MAINTENANCE SERVICES

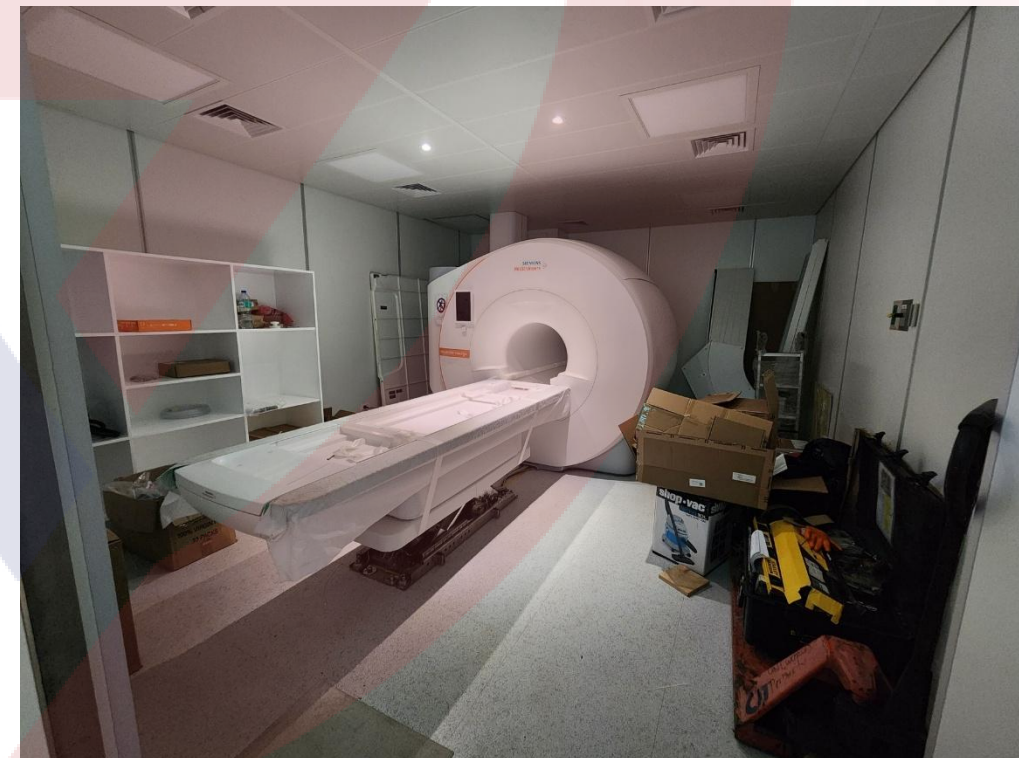

- ✓ Airconditioning Units
- ✓ Chiller Units

SERVICES OFFERED

ARCHITECTURAL & ENGINEERING SERVICES (FOR CONSTRUCTION WORKS)

- FIT-OUT WORKS FOR:
 - ✓ CT-SCAN ROOM
 - ✓ MRI ROOM
 - ✓ LINAC ROOM
- Civil room construction and finishing
- Electrical power supply and grounding
- Equipment Coordination
- Turnkey Project Execution

Maximize up time of your medical equipment by choosing the right Chiller Partner ...

KLOSCO

...since 2016

Create. Enhance. Sustain.

KLOSCO CHILLERS ARE SUCCESSFULLY WORKING IN THE HEALTHCARE INDUSTRY

- MRI gradient and helium compressor cooling
- LINAC cooling / CT / Cyclotron cooling

CHILLERS FOR HEALTH CARE

CAPACITY : 12 - 105 KW (3 -30 TR)

APPLICATION

- MRI
- Linear Accelerator
- CT/PET Scan

FEATURES

- Sturdy build quality
- Built-in redundancy
- Out-door compatible

IOT Enabled

- Remote Diagnosis
- Preventive maintenance
- 99% Uptime

24/7
CUSTOMER SUPPORT

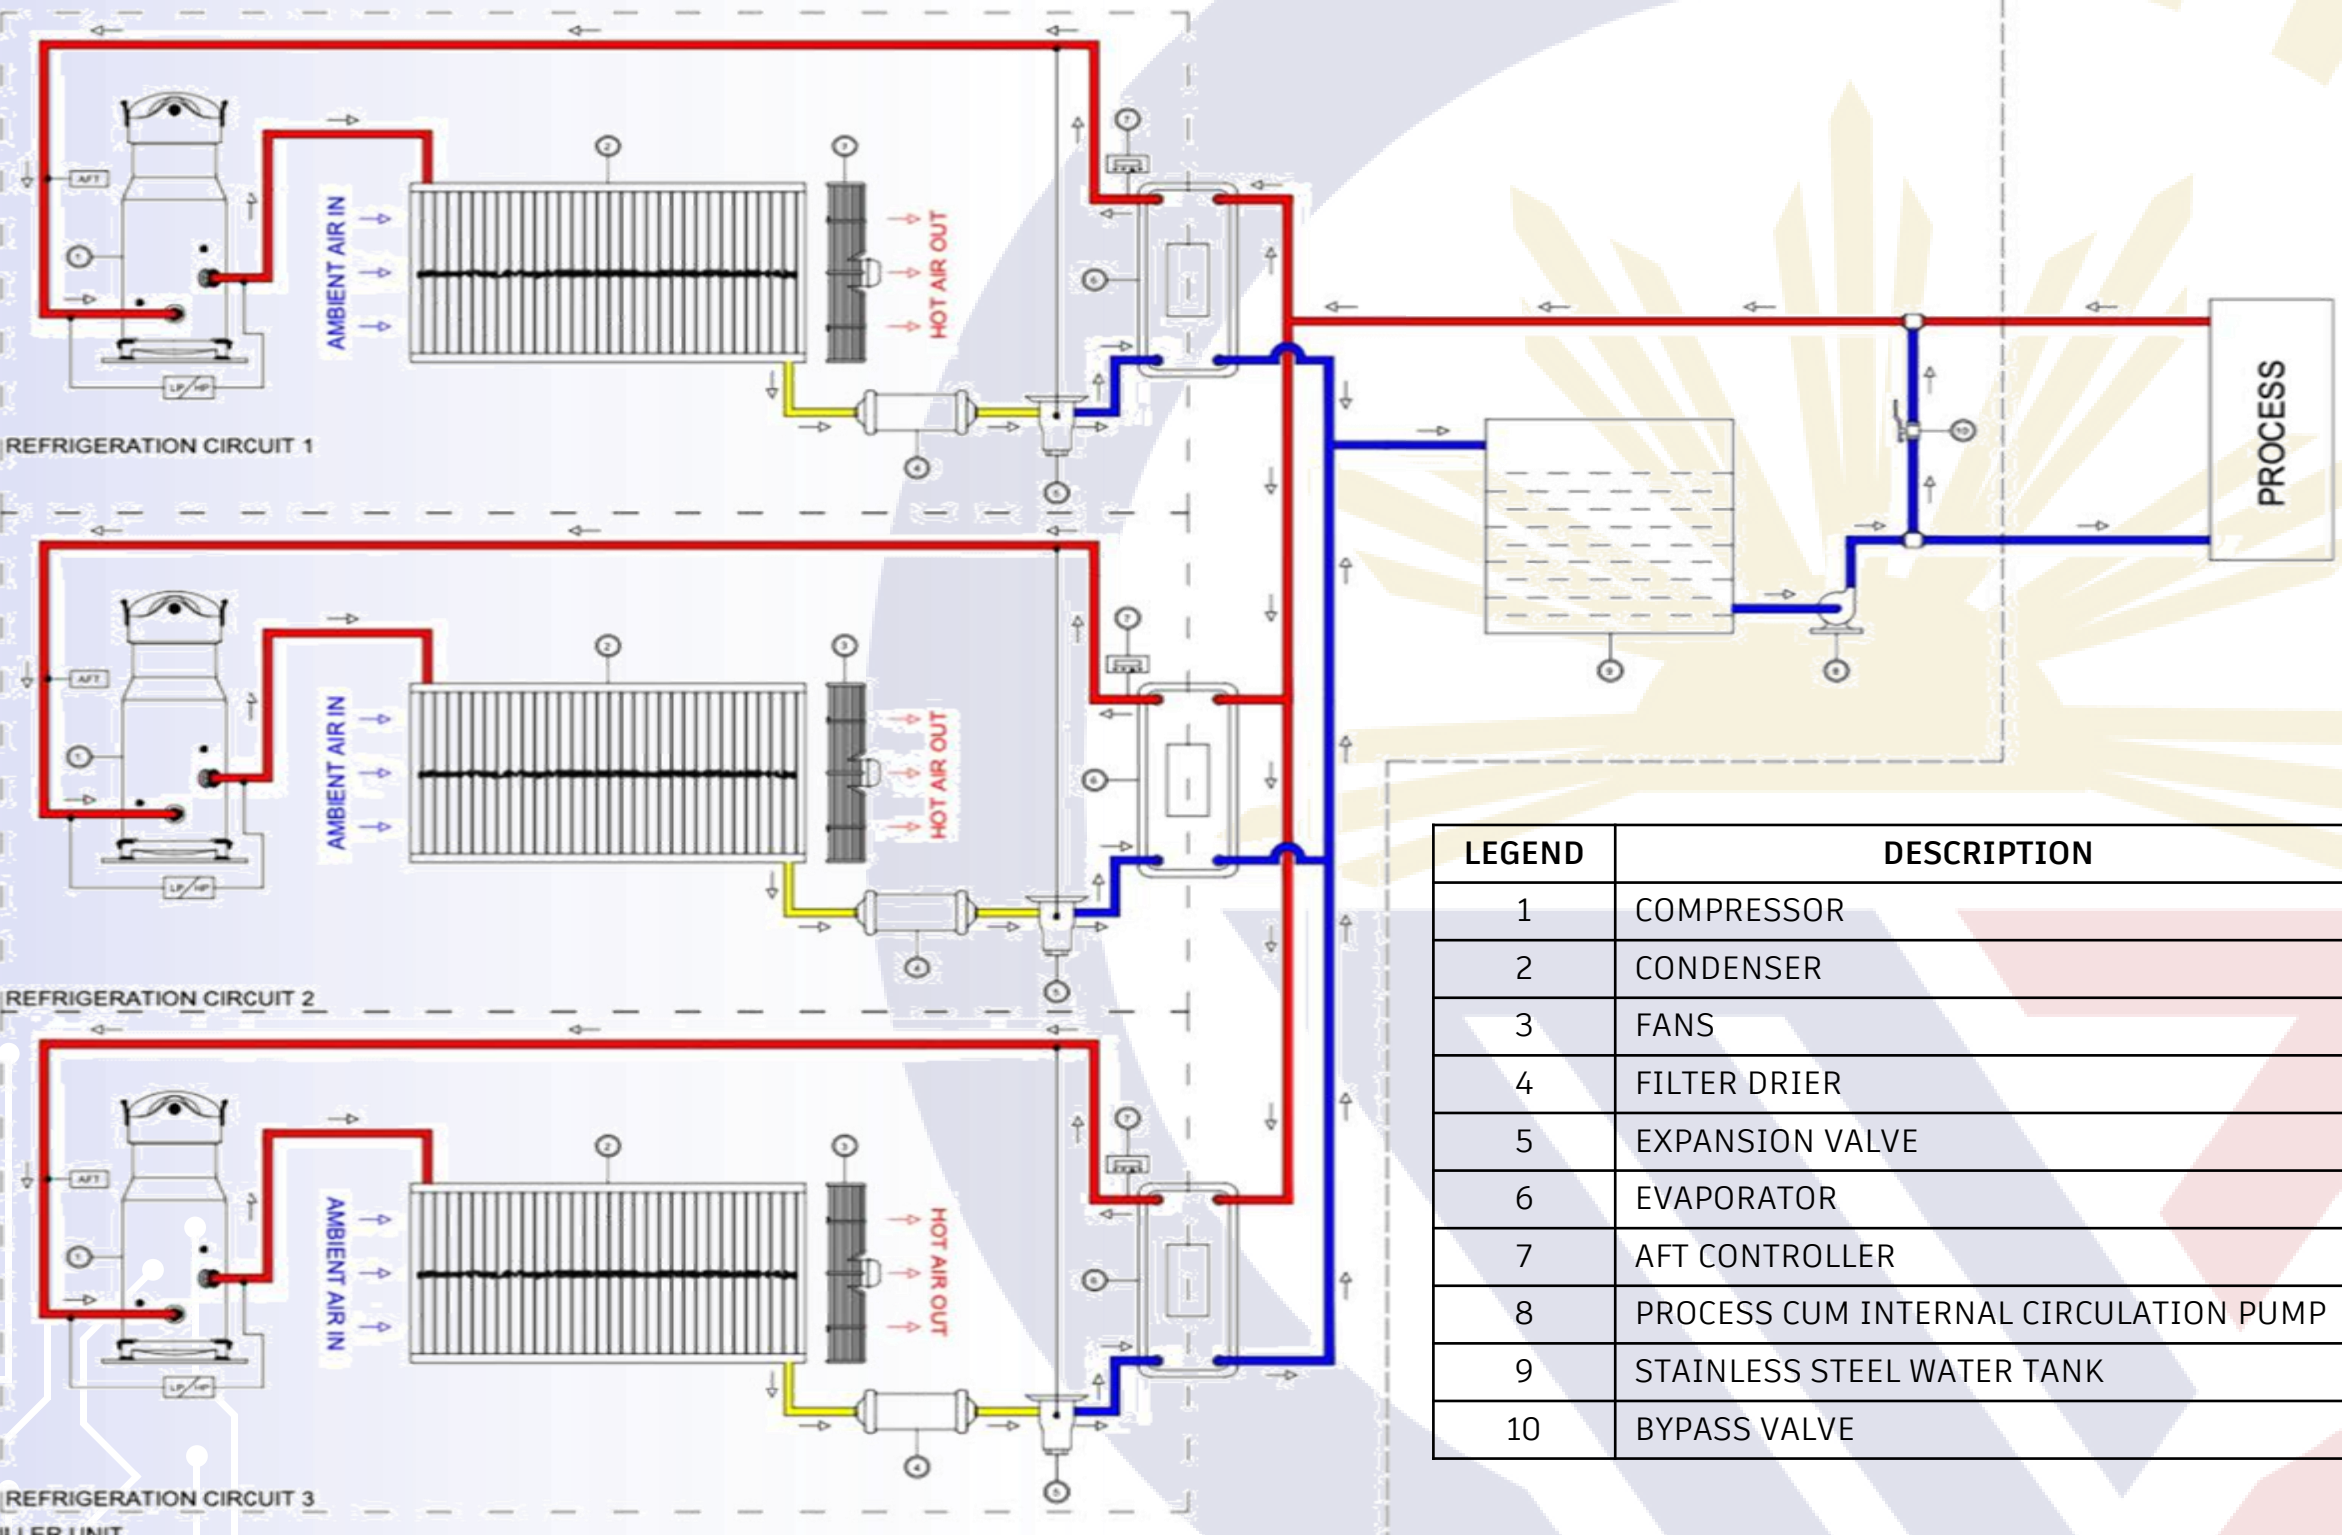

UNIQUE ADVANTAGES OF KLOSCO CHILLERS

- Build-in Redundancy
- 24/7 service support
- Working standby pumps from Grundfos Germany
- In-built water storage SS304 tank
- Can work in ambient temperature up to 55°C
- Compressors from Danfoss Germany
- 100% outdoor compatible – no cover/shed needed.
- SS316L heat exchanger for maximum life and efficiency
- Corrosion-free internal piping 15-year leak proof guarantee

REDUNDANCY SET-UP OF KLOSCO MEDICAL CHILLERS

TARGET: 100% PROCESS UPTIME

LEGEND	DESCRIPTION
1	COMPRESSOR
2	CONDENSER
3	FANS
4	FILTER DRIER
5	EXPANSION VALVE
6	EVAPORATOR
7	AFT CONTROLLER
8	PROCESS CUM INTERNAL CIRCULATION PUMP
9	STAINLESS STEEL WATER TANK
10	BYPASS VALVE

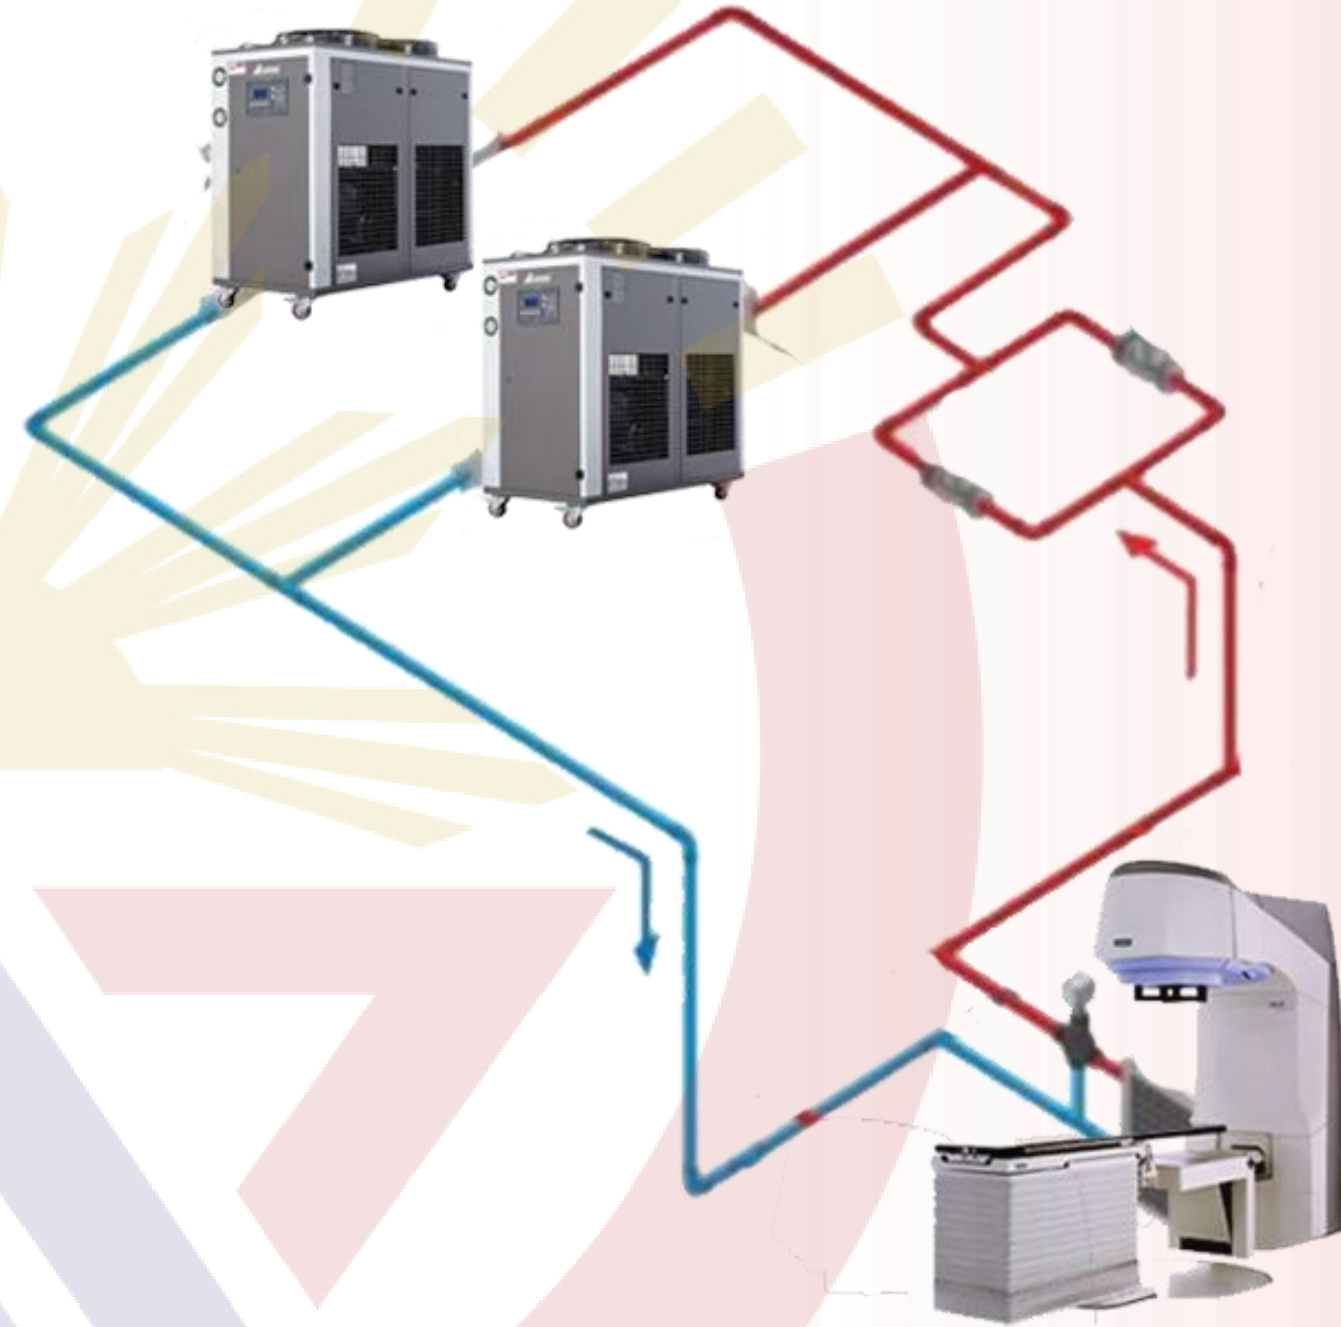

- **Automatic Switchover:** On any fault or error, load automatically shifts to the next available circuit.
- **3 Independent Circuits:** Each circuit has its own compressor, condenser, and accessories for full redundancy.
- **Fault Isolation:** Any faulty circuit is isolated, allowing the rest of the system to keep running.
- **Run-Time Balancing:** Automatic cycling every 4–8 hours to reduce component aging and ensure even operation.
- **Health Monitoring:** Continuous monitoring of all critical parameters (pressure, temperature, water level, etc.).
- **On-Chiller LED Indicators:** Multiple LEDs display exact fault types for quick diagnosis.
- **Audio-Visual Alarms:** Immediate alerts for prompt corrective action.
- **Remote Monitoring Panel:** Mirrors key operating parameters and alarms for easy access.
- **Zero Process Interruption:** Most faults and repairs can be performed while the unit remains in operation.
- **Manual Override:** Built-in manual control for emergency operation.
- **Working Standby Pumps:** Automatic or manual changeover ensures uninterrupted process flow.

Supply & Installation of **ANGES CHILLER UNITS**

HEALTHCARE DIVISION
OUR PRODUCTS

Supply & Installation of ANGES CHILLER UNITS

- Remote Monitoring and Management
- Alarm alert and History
- Temperature Control and Visualization
- Comprehensive Data Tracking

The purpose of **redundant equipment** is to ensure system reliability and continuity of operation by providing backup systems or components that can seamlessly take over if the primary equipment fails, preventing disruptions and downtime

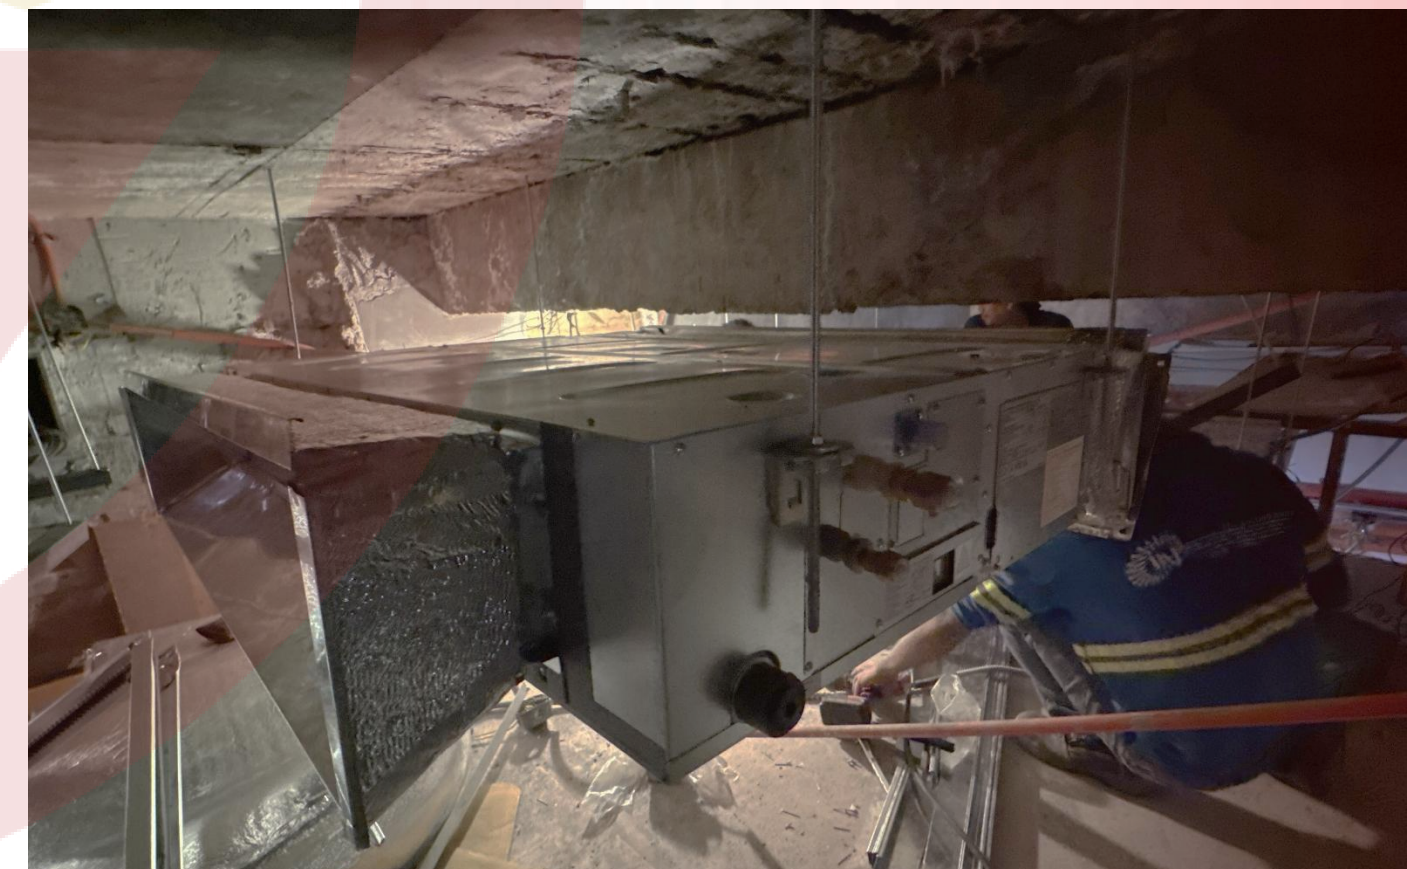

Supply & Installation of AIRCONDITIONING UNITS

HEALTHCARE DIVISION
OUR PRODUCTS

CEILING CONCEALED DUCTED TYPE ACU

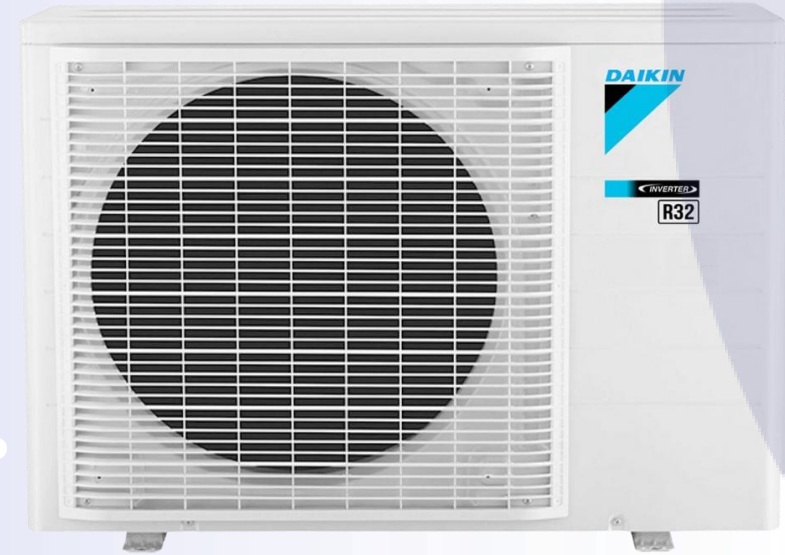

- ✓ Discreet design
- ✓ Energy Efficient and Inverter Technology
- ✓ Adjustable static Pressure
- ✓ Flexible Installation and Compact Size
- ✓ Quiet Operation
- ✓ Advanced Control and Features
 - Wired Controller
 - Automatic Airflow Adjustment
 - Drain Pan Maintenance Window
- ✓ Durability
- ✓ Powerful Airflow

Supply & Installation of AIRCONDITIONING UNITS

SPLIT - TYPE AIRCONDITIONING UNITS

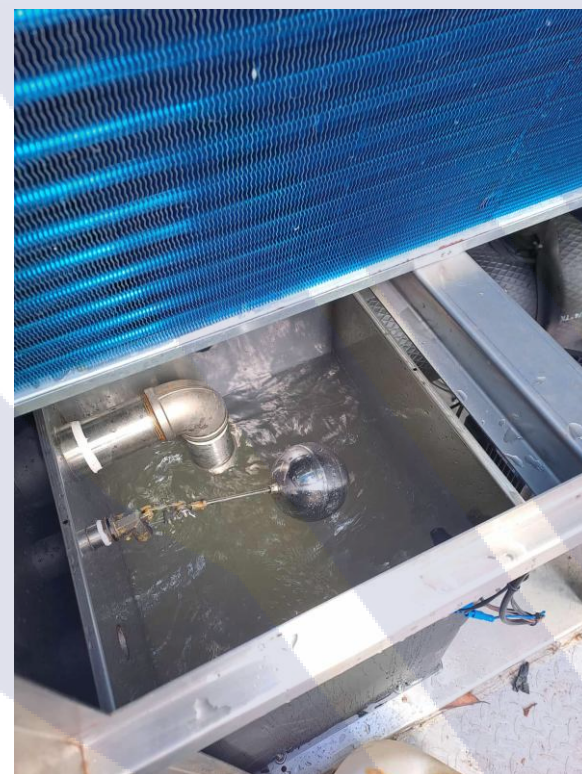

- ✓ Inverter Technology and Efficiency
- ✓ Smart Cooling and Comfort
 - 3D Airflow
 - Fast Cooling/Power Airflow
 - Intelligent Eye/Comfort
- ✓ Air Quality and Health
 - Gin Ion Filter
 - Titanium Apatite Deodorizing Filter
- ✓ Durability and Control
 - Voltage Shield
 - Wifi connectivity
 - Quiet Operation

MAJOR COMPLETED PROJECTS

ST. LUKE'S MEDICAL CENTER – QUEZON CITY

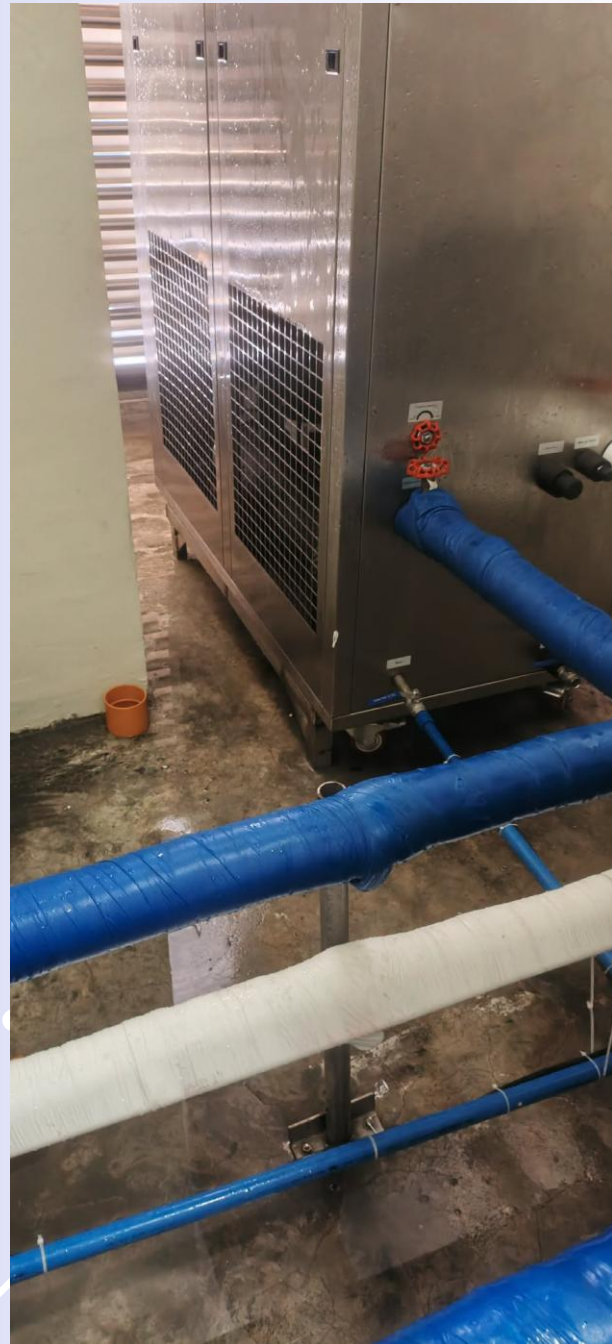

Supply & Installation of Redundancy Set-up of ANGES Chiller Units With Overhead Cantilever Steel Platform

MAJOR COMPLETED PROJECTS

CHONG HUA HOSPITAL– MANDAUE CITY, CEBU

*Supply & Installation of Redundancy Set-up of ANGES Chiller Units
With Ducting works for Exhaust Out*

MAJOR COMPLETED PROJECTS

DIVINE GRACE MEDICAL CENTER – GENERAL TRIAS, CAVITE

*Supply & Installation of Redundancy Set-up
of ANGES Chiller Units*

MAJOR COMPLETED PROJECTS

CEBU DOCTORS UNIVERSITY HOSPITAL

*Supply & Installation of Redundancy Set-up of ANGES Chiller Units
With Make-up Water Tank (Gravity-fed)*

List of COMPLETED PROJECTS

For SUPPLY AND INSTALLATION OF CHILLER SYSTEM

FABRICATION & INSTALLATION OF SUPPORT/PLATFORM

PIPING WORKS FROM CHILLER TO EQUIPMENT
